

# CONGRATULATIONS!!!

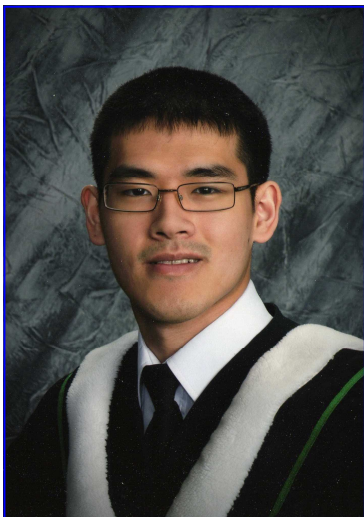

## Alby Kusno

Our 2013 Annual Winner

*Jewish Foundation of Manitoba*

### *Sharon Home Family Education Award*

**Alby Kusno** is a hard-working, outstanding student who will be entering his second year of Pharmacy at the University of Manitoba. He graduated with distinction in 2012, receiving his Bachelor of Science degree in Biochemistry. Alby's volunteer experiences are what drove him to a career in the health field where he can "directly make a positive impact on people's lives and the community." Alby chose Pharmacy, "because it combines both health care and chemistry, two of my primary interests." Alby was presented his award at the Jewish Foundation of Manitoba's "Scholarship Recipient Reception" held on June 17, 2013.

Alby is the son of Natalia Lauw, a loyal 11 year Sharon Home employee working in Resident Care as a Health Care Aide.

**The fund was established by some friends of the Sharon Home and is administered by the Jewish Foundation of Manitoba. The Awards committee of the Foundation selects the annual recipient based on financial need, academic achievement and community involvement.**

JEWISH FOUNDATION  
OF MANITOBA

*Today. Tomorrow. Forever.*
